

Moving your office to the lower Hudson Valley? or are you just moving to a new location? HV Tech can help. We offer computer and network moving service in Westchester and rockland counties.

When you're setting up your new office or moving office computers to a new location, the challenge is getting everything installed and working properly. There is also a lot of coordination in having Internet availability, reconnection, configuration and security setups. Managing the hardware installation process takes time and planning. We even help you pack and ship computers and unpack them at the new office. Our technicians can work with you to coordinate a smooth, timely, and affordable on-site installation. You need to run your business, we'll help you run your technology.
